To Whom It May Concern:

I would like to recommend Harry Day of *Day's Construction* as a qualified applicant for your organization and the work Mr. Day and his organization is applying for.

For the past 3 years, Mr. Day and his team have performed admirably and with the upmost integrity during the construction and renovation of several apartment buildings that my family and I own. During that time, and to this day, they have performed construction and repair from the foundations to the roof, as well as the entire interior of the buildings in a timely manner that has allowed us to fully lease our properties, returning us to profitability efficiently and effectively.

I know that Mr. Day and his team would be an asset for your organization. Once again, I would like to strongly recommend him as a professionally qualified candidate for the work he is and will be applying for.

Best regards,
